Gengar and Mimikyu Tag Team GX Poltergeist Horror House (2021).

Gaze up at lovable larger-than-life-sized Pokémon at Katherine Bernhardt's latest exhibition with David Zwirner. Having been introduced by her young son to the exhilarating world of monsters that have captured the hearts of people since its creation in 1996, Bernhardt's latest paintings are vivid recreations of Pokémon trading cards. In one piece, a dazed Mimikyu V stands idly by as splashes of pink and purple swirl in the background, unknowingly protected by its very own 'Dummy Doll' ability. In another, Bernhardt reimagines a rare Japan exclusive card, where a Charizard poncho-wearing Pikachu glows with traces of neon pink.
